

# VERSACOOLER RANGE

Barrier-free Mains Connected Water Fountain

The Versa Cooler series is a wall mounted watercooler offering refrigerated and non-refrigerated drinking water as well as a vandal resistant option.

## KEY FEATURES

- Built-in 100 micron strainer stops particles before they enter the waterway.
- Waterways are lead-free in materials and construction
- Stainless steel top
- Flexible, one-piece water saver bubbler guard
- Heavy duty galvanized steel frame
- High efficiency cooling system
- Refrigerant R-134a
- Four antimicrobial copper push pads
- External stream height adjustment

The VersaFiller Series of drinking water fountains comes in a wide range of configurations including single and dual level designs and with or without a sports-bottle filler. It features a 100 micron strainer to stop particles entering the lead-free waterway. The heavy duty galvanized steel frame makes the unit extra durable, perfect for high volume applications. With an optional upgrade to a vandal resistant design, the VersaFiller becomes perfect for schools and other public areas. All VersaFiller fountains use R-134a refrigerant and have an efficient and high-performing refrigeration system.

## Model Selection Chart

		Manual Dispensing		Automatic Dispensing	
		Filtered	Non-Filtered	Filtered	Non-Filtered
Refrigerated	Sandstone	VCRMFS	VCRMS	VCRAFS	VCRAS
	Stainless Steel	VCMFSS	VCRMSS	VCRAFSS	VCRASS
	Vandal Resistant	VCRMVSS	VCRMVSS	-	-
Not Refrigerated	Sandstone	VCMFS	VCMS	-	-
	Stainless Steel	VCMFSS	VCMSS	-	-
